### **COLLEGE OF TECHNOLOGY PLANS OPEN HOUSE**

#### **MISSOULA-**

Thinking about a career change? An upcoming open house at The University of Montana's College of Technology will offer information on the school's programs, employment opportunities and student life.

The open house will begin at 7 p.m. Wednesday, April 19, at COT's east campus, 909 South Ave. W. Prospective students and their families are invited to attend. Appetizers prepared by culinary arts students will be served and child care will be provided.

The open house begins with an academic and student services fair, which provides informational tables and the opportunity to speak one-on-one with staff and faculty. Next, a series of workshops will be offered, where prospective students may choose from such topics as financial aid, nontraditional students and UM on the Web. East and west campus tours also will be offered.

Programs at COT include business, computer technology, electronics, health sciences, industrial and barber styling.

There is no charge to attend the open house, but advance registration is requested. Register before 5 p.m. April 19 by calling the admissions office at 243-7882 or toll-free in Montana at (800) 542-6882.
